Weidmüller 彐Ξ

MF TBF

Similar to illustration

The enclosures of the TBF series are made of extremely tough glass fibre-reinforced polyester. These enclosures are ideal for applications that call for low weight coupled with high shock resistance. The weather-resistant TBF enclosures are designed for a wide range of applications. Together with their comprehensive range of accessories, they provide universal solutions for accommodating built-in items such as regulators, measuring instruments, valves and other equipment.

Features:

• 9 sizes in 2 versions, with grey and transparent lids

• Cover with nylon screws

• Fixing holes outside the sealed area

• Thread for fitting to terminal rails and mounting plates

• Comprehensive accessories

• Weidmüller can manufacture and supply this enclosure to match customer specifications, fitted with all necessary terminals and cable glands.
