Many demands are made on a connector's shielding. Several tailored solutions are available for meeting these requirements:

- A shield discharge via an EMC cable gland
- The use of shield Lever together with shield clamps

Depending on the model, the shield Lever can be used with:

- standard contact inserts
- the ConCept modular system with plastic frame
- the ConCept modular system with metal frame.</>

The shielded conductor is fastened to the shield Lever with shield clamps. The shield clamps are available in various sizes for different sized conductors. .
