www.weidmueller.com**The perfect platform for function and innovation:**

Innovative function electronics require intelligent "packages" in order to integrate perfectly in the system environment.

The ongoing development and consistent expansion of the Weidmüller electronics housing portfolio provides a secure platform for future electronics applications whatever the design or intended use. CAD data for PCBs is provided for all enclosures. Screw and tension clamp terminals are available for all connections.

The consistent synergy between design, connection system and functionality lays the perfect foundation stone for electronics systems designed in line with market and application requirements.

Function, shape and manufacturing quality combine into a single logical unit that provides maximum reliability and operating comfort for the user.

General ordering data

Version	Electronics housing sample, OMNIMATE Housing - series CH20M , PCB for self-assembly, CH20M12 - 67, For 2 connection levels, Width: 1.6 mm
Order No.	1105580000
Type	SAMPLE LP CH20M PPX
GTIN (EAN)	4032248880652
Qty.	1 pc(s).
