MCP AP LABLES

Weidmüller Interface GmbH & Co. KG
Klingenbergstraße 26
D-32758 Detmold
Germany

www.weidmueller.com

Our MCP plotters complement the Weidmüller MultiCard concept and can be used with Weidmüller's M-Print® PRO software. They are particularly suitable for printing individual markers or parts of MultiCards. The positioning frame for SlimFix markers sizes 4 to 6 can be used to print MultiCards for terminals, cables, wires, and devices. The MCP label positioning frame is used to print labels.
